WEEKLY KUFIRE OPERATIONAL REPORT
Period: 22 June thru 28 June 1954, incl.

FT/11:

ERRATIC informed JUVIA II of his intention to visit the Ambassador on 24 June and also reported to JUVIA II regarding the conversation reported in [] 1102.

JUVIA II was instructed per LINC 4309 as line of action open to ERRATIC. Upon receipt of this information on 25 June ERRATIC refused to personally join CALLIGERIS forces but stated he was recommending to his supporters that they join CALLIGERIS. [] 1107)

ERRATIC told JUVIA II that he knew SEQUIN as CALLIGERIS' representative in DTROGS and that there was considerable mutual dislike. He indicated, however, that he would talk with SEQUIN if requested to do so for any particular purpose and requested instructions as to whether [] (Para 4 of [] 1107) should talk with SEQUIN or proceed to WSHOOPS. He was told that [] should proceed to WSHOOPS, and later reported that [] had departed at 2:30 p.m. on 26 June.

In a further effort to utilize ERRATIC assets the possibility of a meeting between ERRATIC and SEQUIN was discussed with ALLBANK who asserted SEQUIN was leary and did not trust ERRATIC and had no desire to see him. SEQUIN, however, is of the opinion ERRATIC has a definite following in the Department in which he was Governor. Thus it appears if the personal participation of ERRATIC is desired it will be necessary for CALLIGERIS to extend a personal invitation.

FT/12:

Carlos VALLADARES, private aide to OSCARIO, implied that the President is reluctant to take any part in PBSUCCESS. JUCATION also reports possible dissension between OSCARIO and the military leaders of the Salvadoran Government is developing because the latter group wishes to assist the CALLIGERIS movement. []

[] stated this Group would take some position of action by 26 June in the issue was still in doubt. As of 28 June there is no indication of any further friction and it is assumed his statements only indicate a desire on the part of this Army Group to assist CALLIGERIS.

FT/13:

Iden. A of [] 11077 stated he was given a book in which \$1500 colones (\$600.00) were hidden. He delivered this book to Rodrigo Antonio CAMERO, a student at the Salvadoran University, who lives in Colonia Cucumocayan. JUCATION I and JUCATION III have been surveilling Emilio DESCAMP, a Guatemalan, frequently seen at their Embassy. Under the pretense of seeking employment for his nephew, JUCATION talked with DESCAMP at some length but was unable to determine from the conversation if DESCAMP was an agent of the present Guatemalan Government.
